TECHNICAL OPERATIONS SECTION

Subject: Notice of Penalty No. DE 83-284

Gentlemen:

In your letter of June 20, 1983 (received June 23, 1983) you requested:

"Within 10 days after receipt of this notice, submit a letter of intent as to the continued operation of the RBT site."

We have not disposed of any material at the Ridgefield Brick and Tile site since we became aware there might be a problem with the ash.

Pacific Wood Treating Corp. does not intend to utilize the RBT site for disposal of waste. We understand the owner of the property does not intend to operate a disposal facility at the site.

Pacific Wood Treating Corp. does not intend to operate the site or apply for a dangerous waste permit or an EPA Part B Permit unless required by WDOE/EPA.

We trust that this response fulfills your requirements and fully explains our intent. If further information is required we will as always be pleased to cooperate.

Other portions of your letter will be covered separately.

Cordially,

PACIFIC WOOD TREATING CORP.
